1. Executive & Development Summary

The subject property is a high-yield, **0.4109-acre (18,512.15 sq ft) platted residential infill parcel** located at **5419 Colorado Dr NW, Concord, NC 28027** (Cabarrus County Account **22741**, PIN **5601-21-6788**, PIN14 **56012167880000**, Real ID **02-004A-0141.00**), legally designated as **Lot 18 of Country Acres** (recorded in **Plat Book 00014, Page 00074**). Situated inside the corporate limits of the **City of Concord** (`CODE: CN`, `ETJ: no`, Fire ISO Class 1 District) just **0.7 driving miles (3 minutes) east of I-85 Exit 54 (`George W. Liles Pkwy NW / Kannapolis Pkwy`)**, the parcel offers immediate by-right buildability with **zero HOA restrictions** and **100% by-right 2-lot minor subdivision split eligibility**. In NC State Plane coordinates (WKID 102719 / 2264), the property features **109.86 linear feet of direct paved public street frontage** along `Colorado Drive NW` on the north boundary, an eastern side lot depth of **168.11 feet** (`7.43 ft + 160.69 ft`), a southern rear boundary of **109.29 feet**, and a western side lot depth of **169.87 feet** (`87.54 ft + 73.70 ft + 8.63 ft`), encompassing **557.14 linear feet of total boundary perimeter** (`Shape.STLength(): 557.14 ft`).

Ownership, Land Sales History & Neighborhood Context:

- **Current Ownership & $40,000 Last Sale Price (August 2003):** Owned of record by **Charles Alan Treece / Charles Treece Estate** (Account `22741`, mailing address: `5419 Colorado Dr NW, Concord, NC 28027`). Per Cabarrus County Tax Parcel & NC OneMap deed records (`opendata/MapServer/46` & `/152`, `NC1Map_Parcels/MapServer/1`), the parcel's **last recorded sale price was $40,000.00 in August 2003 (`08/2003`)**, conveyed via **General Warranty Deed (`InstrumentType: GW`)** recorded in **Deed Book 4802, Page 0073** as a whole-parcel vacant land transfer (`VacantOrImproved: V`, `QualifiedCode: O`, `TransferOrSplit: T`), with zero subsequent market sales over the past 23 years (`SALE_PRICE_2–SALE_PRICE_5 = $0`).
- **Tax Revaluation Momentum:** Cabarrus County's latest tax cycle increased the parcel's assessed land value from **$35,000.00** (`PriorLandValue`) to **$38,000.00** (`LandValue`), bringing total assessed market value from **$41,670.00** to **$47,620.00** (+14.3%, including `$9,620` in `ObxfValue` and `$0` primary building value).
- **By-Right 1-Lot or 2-Lot Minor Subdivision Compliance in `RV` Zoning:** Under the *Concord Development Ordinance* (CDO Table 7.6.2-A), the `RV` (Residential Village) district requires a **7,500 sq ft minimum lot area**, **50.0 ft minimum lot width**, **15.0 ft minimum street frontage**, **100.0 ft minimum lot depth**, and **8.0 dwelling units per acre maximum density**. Because `5419 Colorado Dr NW` contains **18,512.15 sq ft (`0.4109 acres`)** with **109.86 ft of road frontage** (`109.29 ft` rear width) and **168.99 ft of average lot depth**, it **100% satisfies every `RV` dimensional requirement for a 2-lot administrative minor subdivision split** (`2 lots @ ~9,256 sq ft each`, `~54.93 ft frontage × ~168.99 ft depth`, within the `3.29-unit` density cap). Multiple nearby Country Acres parcels on `Arizona Pl NW`, `Grand Canyon Rd NW`, and `Wyoming Dr NW` (`Plat Books 98/101, 106/17, 106/30, 107/22, 108/67, 109/106`) have already been split into 0.17–0.30 acre infill lots under this exact `RV` framework.

Key Feasibility Findings:

- **Dual-Track By-Right Entitlement (`RV` District):** Under CDO Table 8.1.8, **Single-Family Detached Dwelling** and **Single-Family Modular Home** are permitted by right (`P`), while **Duplex**, **Triplex**, and **Townhome** are permitted with supplemental standards (`PS`). As a single estate lot, applying `RV` setbacks (24 ft front, 7 ft sides, 5 ft rear per Table 7.6.2-B) produces a massive **~13,419 sq ft net buildable envelope (`95.86 ft width × 139.99 ft depth`)**; split into two conforming lots (`Lot 18A` & `Lot 18B`), each lot retains a **~5,730 sq ft net buildable envelope (`40.93 ft width × 139.99 ft depth`)**.
- **Gentle, Ideal Topography (`646' to 654' MSL`):** Cabarrus County 2-foot elevation contours (`opendata/MapServer/10`, `646 ft` and `654 ft` contours) and USGS 3DEP screening (`653.18 ft` centroid) confirm **8.0 feet of vertical relief** across the 168.99-ft north-to-south lot depth—a gentle **4.7% grade** that supports slab-on-grade or stem-wall crawlspace foundations with natural rear drainage.
- **Zero Floodplain & Zero Wetland Encumbrances: 100% FEMA Zone X (`0.0% SFHA`, FIRM Panel `5601` / `37025C`)** verified across 36 of 36 interior grid sample points, with **0 mapped USFWS NWI wetlands** and **0 stream buffers** on the parcel.
- **Strong Immediate 0–1 Mi, 0–3 Mi & 0–6 Mi New-Construction Comps (`2025-11-04` to `2026-11-04`):** Across all **106 verified 2025–2026 new-construction building sales** closed between **November 4, 2025 and November 4, 2026** within 6.0 Google Maps driving miles, the submarket achieves an **Average (Mean) ARV of $437,666 ($204/sq ft across 2,124 sq ft)**. Inside **1.0 driving mile (`N=4`)**, verified new builds average **$322,475 ($219/sq ft)**—including `214 Arizona Pl NW` (`0.50 mi · 2 min · $289,900 · $195/sq ft`) right inside Country Acres and `439/443 Beacon St NW` (`1.00 mi · 4 min · $425,000 · $232/sq ft`).

3. Parcel Verification & Chain of Title

- **Cadastral & Plat Verification:** Parcel boundaries, NC State Plane coordinates (WKID 102719 / 2264), and CAMA attributes were verified directly from Cabarrus County GIS (`DataExplorerSearch/MapServer/0` and `MapServer/2`). The parcel is an officially platted residential lot—**Lot 18 of Country Acres**, recorded in **Cabarrus County Plat Book 14, Page 74**.
- **Ownership, Deed Transfer & Estate Holding Status:**

1. **Last Recorded Arm's-Length Sale (`August 2003 · $40,000.00`):** Per Cabarrus County Tax Parcel records (`opendata/MapServer/46` & `/152`) and NC OneMap (`NC1Map_Parcels/MapServer/1`), the subject parcel was purchased in **August 2003 (`SaleYear: 2003, SaleMonth: 8`)** for **$40,000.00 (`SalePrice:`**

`40000.0`) via a **General Warranty Deed (`InstrumentType: GW`)** recorded in **Cabarrus County Deed Book 4802, Page 0073** (`QualifiedCode: 0` open-market qualified sale; `VacantOrImproved: V` vacant land; `TransferOrSplit: T`).

2. **Current Estate Ownership (23-Year Hold, Zero Subsequent Sales):** Historical CAMA sales slots (`SALE_PRICE_2` through `SALE_PRICE_5`) are all `$0.00`, confirming that no market sale has occurred since August 2003. Title is currently held in the name of **Treece Charles Alan** (`AcctName1`) and **Treece Charles Estate** (`AcctName2`, `AcctNumber: 22741`). Because the estate's historical cost basis is **$40,000.00** (from 2003) and current assessed value is **$47,620.00**, an off-market cash offer of **$50,000–$85,000** delivers a clean net gain above both their 2003 purchase price and county tax value.
3. **Improvement Status:** Primary building value is **$0.00** (`BuildingValue: 0`, `UseCode: 0200`), with **$9,620.00** assessed in `ObxfValue` (legacy mobile home pad / utility hookup / accessory shed structures visible on aerial imagery).

- **Common Ownership / Contiguous Merger Check:** A countywide query across Cabarrus County confirms that the Treece Estate holds no other lots in Country Acres (`56012167880000` is the sole parcel in `SHEET 5601`). All adjoining lots are held by independent owners.
- **Surrounding Adjoining Parcels (Country Acres Context):**

4. Zoning Analysis

- **Base Zoning District: `RV` (Residential Village District — City of Concord)**
- **Governing Authority:** City of Concord Planning & Development Services · *Concord Development Ordinance (CDO)*, Article 7 (Base Zoning Districts, Tables 7.6.2-A & 7.6.2-B) and Article 8 (Use Regulations, Table 8.1.8).
- **GIS Verification:** Cabarrus County Zoning MapServer Layer 6 (`OBJECTID: 914684`, `ZONINGCODE: RV`, `District: Residential Village`, `CITYCODE: City of Concord`, `ETJ: no`, `OLDZONING: RM`, `UDO_ID: 96`).

> **GIS Metadata vs. Adopted Ordinance Note:** While the legacy GIS description string states *"6,000 square foot minimum lot size, maximum of seven units per acre"*, the legally operative **Concord Development Ordinance (CDO) Table 7.6.2-A** establishes **`7,500 sq ft` minimum lot area and `8 dwelling units per acre` maximum density** for the `RV` district. Both the parent Lot 18 (`18,512.15 sq ft`) and a 2-lot split (`2 × 9,256 sq ft`) satisfy both sets of standards with room to spare.

Dimensional & Setback Standards — Concord CDO Table 7.6.2-A & Table 7.6.2-B (`RV` District):

Dimensional Standard	CDO `RV` Requirement	Parent Parcel (`1 Lot`)	2-Lot Split (`Lot 18A & 18B`)	Compliance Status

Minimum Rear Setback	**5.0 ft** (Principal & Accessory)	Applied along South rear line	Applied along South rear line	✅ **Maximizes rear yard envelope**

- **Net Buildable Footprint Envelope:**
  - *Single-Lot Configuration:* Applying the 24-ft northern front setback, 5-ft southern rear setback, and 7-ft eastern/western side setbacks yields a massive net buildable envelope of **`95.86 ft width × 139.99 ft depth` (~13,419 sq ft buildable footprint)**—or **`95.86 ft × 143.99 ft` (~13,803 sq ft)** with a recessed garage (CDO Table 7.6.2-B Note 3).
  - *2-Lot Minor Split Configuration (`Lot 18A & Lot 18B`):* Each `54.93 ft wide × 168.99 ft deep` lot retains a net buildable envelope of **`40.93 ft width × 139.99 ft depth` (~5,730 sq ft buildable footprint per lot)**—easily accommodating two **1,600–2,400 sq ft two-story single-family homes** with 2-car front garages (`28–34 ft` wide footprints).

5. Future Land Use Analysis

- **Governing Comprehensive Plan:** *City of Concord 2030 Land Use Plan* & Northwest Concord / George W. Liles Parkway (Exit 54) Growth Sector.
- **Designation & Policy Context:** The parcel lies inside the City of Concord corporate limits within an established **Suburban Residential / Residential Village** infill neighborhood (`Country Acres`) immediately east of the **George W. Liles Parkway / Kannapolis Parkway commercial corridor** and **Afton Village**. Concord's `RV` zoning district directly implements the comprehensive plan's goal of facilitating gentle infill density (7,500 sq ft lots and duplex/townhome infill) within 1 mile of an interstate interchange (`I-85 Exit 54`).
- **Active Neighborhood Revitalization:** Within a 3-block radius of `5419 Colorado Dr NW` inside Country Acres, private infill builders have recorded over half a dozen minor subdivision plats between 2022 and 2026 (`Plat Books 93, 96, 98, 101, 104, 106, 107, 108, and 109`), replacing legacy 1960s structures with $290,000–$380,000 new-construction single-family homes and townhomes.

6. Rezoning & Upzoning Opportunity

- **Verdict — NO Opportunity to Rezone or Upzone (`Rezoning Not Recommended / Not Feasible`):**

There is **no realistic or profitable opportunity to rezone or upzone** `5419 Colorado Dr NW` beyond its current City of Concord **`RV` (Residential Village)** classification:

1. **Why Upzoning to Higher-Density Multifamily (`RM-2`) or Commercial (`C-2` / `O-I`) Will Not Be Approved:** Lot 18 (`0.4109 acres`) is an interior neighborhood parcel fronting a quiet 2-lane residential street (`Colorado Dr NW`) and surrounded on all four sides by single-family residential lots in Country Acres (`RV` zoning). Under the *City of Concord 2030 Land Use Plan*, spot-rezoning an interior 0.41-acre neighborhood lot to high-density apartment (`RM-2`) or commercial zoning is inconsistent with the Suburban Residential / Residential Village sector and would face staff denial and neighbor opposition.
2. **Why Current `RV` Zoning Already Captures Maximum Profit By-Right (Zero Rezoning Needed):** Unlike restrictive large-lot zoning districts (`R-1` or `RE`), Concord's `RV` district already permits **8.0 dwelling units per acre by right (`7,500 sq ft` minimum lot area, `50 ft` minimum lot width)**. On this `18,512.15 sq ft` (`109.86' × 168.99'`) parcel, a developer can **immediately execute a 2-lot administrative minor subdivision split (`2 detached single-family homes`) or a 2-unit Duplex (`PS`) by right over the counter**—saving $8,000–$12,000 in rezoning fees and 6–9 months of public-hearing carry while achieving maximum buildable density.

Entitlement Pathway	CDO Table 8.1.8 Status	Profitability & Rezoning/Upzoning Assessment
Upzoning to `RM-2` Multifamily or Commercial	**Not Feasible (`No Opportunity`)**	**NO OPPORTUNITY TO REZONE/UPZONE.** Interior residential block on `Colorado Dr NW`; City of Concord Planning will not approve spot-upzoning, and 0.41 ac is too small for commercial/apartment scale.
By-Right 2-Lot Minor Split (`2 SF Homes` in `RV`)	**`P` (Permitted By-Right)**	**MAXIMUM PROFIT TRACK.** Administrative staff approval yields two `9,256 sq ft` (`54.93' × 168.99'`) lots (`$740k–$850k` combined exit) with zero rezoning delay.
By-Right 1-Lot Single-Family / Modular (`RV`)	**`P` (Permitted By-Right)**	**FASTEST TURNKEY TRACK.** Immediate Zoning Clearance Permit (`ZCP`) and building permit on existing Lot 18 (`$449,000` exit).
By-Right 2-Unit Duplex (`RV`)	**`PS` (Permitted w/ Supplemental Regs)**	**FEASIBLE BY-RIGHT (`PS`).** 2 units on 0.4109 ac (`4.87 du/ac` ≤ `8.0 du/ac` cap) satisfies CDO Table 8.1.8 & §7.7.4-F without rezoning.

7. Subdivision & Lot-Split Potential

Development Track	Feasibility Status	Regulatory & Dimensional Basis
Track 1: 2-Lot Minor Subdivision Split (`2 SF Homes`)	**PERMITTED BY-RIGHT (MAX PROFIT)**	Splitting `18,512.15 sq ft` (`109.86' frontage × 168.99' depth`) yields **2 conforming `RV` lots (`9,256 sq ft` each, `54.93' frontage × 168.99' depth`)**, exceeding the `7,500 sq ft` min area, `50'` min width, and `100'` min depth.
Track 2: 1-Lot Single-Family Spec / Custom Build	**PERMITTED BY-RIGHT (LOWEST COMPLEXITY)**	Uses existing Lot 18 (`18,512.15 sq ft`) with zero platting delay, offering a massive `13,419 sq ft` buildable envelope and spacious 0.41-acre yard.
Track 3: 1-Lot Duplex (`2 Units`) or Primary + ADU	**PERMITTED (`PS` per CDO Table 8.1.8)**	Builds a 2-unit side-by-side or over-under Duplex (`PS`) or a single-family home with a rear Accessory Dwelling Unit (`ADU` up to 1,100 sq ft per §8.3.3.C).

- **`106 & 110 Wyoming Dr NW` (`Plat Book 106, Page 30`):** Split into **`0.217-acre`** and **`0.284-acre`** `RV` lots with new builds assessed at **$320,650–$320,720**.
- **`604 & 608 Wyoming Dr NW` (`Plat Book 98, Page 101`):** Split into **`0.168-acre`** and **`0.217-acre`** `RV` lots with new homes assessed at **$368,140–$377,460**.

8. HOA, Deed Restrictions & Builder Requirements

- **No Active Mandatory HOA:** Country Acres (`Plat Book 14, Page 74`) is an established, mid-century platted subdivision inside the City of Concord with **no active mandatory Homeowners Association (HOA), zero monthly/annual assessment dues, and no private Architectural Review Committee (ARC)**.
- **Builder & Product Flexibility: Bring Your Own Builder** with no HOA start-build deadline. Both site-built single-family detached homes and off-frame NC modular homes (`Single-Family Modular Home = P` in `RV`) are permitted by right, as well as Duplexes (`PS`) and Townhomes (`PS`) under CDO Table 8.1.8. Manufactured/mobile homes are prohibited unless inside an `MH` Manufactured Home Overlay District (§8.3.3.C.7).

- **Pre-Closing Title & Existing Accessory Structure Verification:** The tax roll reflects **$9,620.00 in `ObxfValue`** (legacy mobile home pad / shed / accessory utility improvements visible on satellite imagery). A standard boundary survey and title commitment should verify `Plat Book 14, Page 74` building lines and budget ~$2,500–$3,500 inside site clearing to remove any legacy pad/shed debris prior to grading.

9. Buildability Assessment

- **Overall Feasibility Score: 9.1 / 10 (Shovel-Ready By-Right 1- or 2-Lot Infill Parcel)**
- **Physical Site Buildability Rating: 9.2 / 10 (High)** — 100% conforming rectangular geometry (`109.86' frontage × 168.99' avg depth = 18,512 sq ft`), supporting either 1 large lot or 2 conforming 54.93'-wide `RV` lots, gentle 4.7% slope (8 ft relief), and well-drained Mecklenburg loam soils.
- **Infrastructure & Entitlement Rating: 9.5 / 10 (Turnkey Municipal Jurisdiction)** — Inside City of Concord corporate limits with by-right `RV` zoning, paved city street frontage, ISO Class 1 fire protection, assigned municipal building/trade inspectors, and proven minor-subdivision precedents on adjacent streets.
- **Environmental Rating: 10.0 / 10 (Pristine)** — 100% FEMA Zone X (0.0% SFHA across 36/36 grid points), 0 mapped wetlands, and 0 stream buffers on site.

10. Topography and Slope Analysis

Cabarrus County GIS Topography (2-Ft Contours) & Boundary Measurements Map

Cabarrus County GIS 2-Foot Contour Screening (`opendata/MapServer/10`) & USGS 3DEP Sampling

Direct spatial intersection with Cabarrus County's official 2-foot elevation contour layer (`Interval = 2 ft`) and USGS 3DEP 5-point cardinal elevation sampling reveals:

- **Elevation Range & Vertical Relief:**
  - *Highest Contour Crossing Parcel (North / Colorado Dr NW Frontage):* **654.0 ft NAVD88** (`OBJECTID: 47749`)
  - *Lowest Contour Crossing Parcel (South / Rear Line):* **646.0 ft NAVD88** (`OBJECTID: 42646`)
  - *USGS 3DEP Centroid Elevation:* **653.18 ft MSL** (199.09 meters)
  - *USGS 5-Point Cardinal Screening (+/-40m / 131.23 ft):* North **657.74 ft** (`3.48%` slope), South **640.94 ft** (`9.33%` slope toward Wyoming Dr draw), East **651.15 ft** (`1.54%` slope), West **652.50 ft** (`0.52%` slope).
  - *Total On-Lot Vertical Relief:* **8.0 ft** across the 168.99 ft north-to-south parcel depth.

- **Slope Gradient & Foundation Recommendation:**
  - *On-Lot Building Pad Grade:* Dropping 8.0 ft over 168.99 ft yields an average north-to-south slope of **4.7%** (`<15% — Buildable / Gently Sloping`), with an nearly flat **0.5%–1.5% east-west cross-slope** across the front building pad zone.
  - *Foundation Design:* Ideal for a **standard monolithic slab-on-grade or 2–3 block stem-wall crawlspace foundation** positioned on the upper northern half of the lot (`650'–654' MSL`), providing natural gravity sheet drainage toward the southern rear boundary.

11. Floodplain Analysis

- **Authoritative Source:** FEMA National Flood Hazard Layer (NFHL) MapServer Layer 28 (`DFIRM_ID: 37025C`, Effective Panel `5601`, `EFF_DATE: 11/05/2008`) & Cabarrus County `Flood Plain 100 year` layer (`opendata/MapServer/29`).
- **Flood Zone Designation:** **`FLD_ZONE: X`** (`ZONE_SUBTY: AREA OF MINIMAL FLOOD HAZARD`, `SFHA_TF: F`).
- **36-Point Interior Grid Verification: 36 of 36 sample points (100.0%)** inside the parcel polygon tested positive for **Zone X (`0.0% SFHA`)**. County parcel attributes independently confirm `Floodway: No`, `Flood_100Year: No`, and `Flood_500Year: No`.
- **Flood Insurance:** Not required by conventional, FHA, VA, or construction lenders.

12. Wetlands and Environmental Constraints

- **USFWS National Wetlands Inventory (NWI): 0 mapped wetlands** intersect the subject parcel (`fwspublicservices.wim.usgs.gov/wetlandsmapservice/rest/services/Wetlands/MapServer/0`). Within a 500-meter radius, the nearest mapped hydrographic features are a 0.17-acre riverine channel (`R2UBHx`) located **260 meters (851 feet) away** and a 0.10-acre pond (`PUBHh`) **280 meters (917 feet) away**—completely outside any regulatory buffer zone.
- **Stream & Watershed Buffers:** Cabarrus County GIS confirms `Watershed_CLASS: None`, `STREAM_NAM: None`, and `PCA_TYPE: None` (outside water-supply watershed critical areas).
- **USDA / NRCS Soil Survey (`opendata/MapServer/27`):** Mapped **Mecklenburg loam, 2 to 8 percent slopes (`MUSYM: MeB`, `MUKEY: 111653`)**, an upland well-drained soil series with favorable bearing capacity for residential slab and crawlspace foundations.

13. Utilities & Infrastructure Analysis

Utility / Service	Provider / Agency	Verified Status, Fee Schedule & Notes

Telecommunications / Fiber	Spectrum / AT&T Fiber	High-speed broadband cable and fiber-optic internet available at street.
Fire & Municipal Inspections	Concord Fire Dept (`ISO Class 1`)	Highest possible municipal fire rating (`ISORating: 1`). Assigned Concord inspectors: **David Carden** (Building/Plumbing) & **Mike Cox** (Electrical/Mechanical).

14. Road Access and Frontage

Cabarrus County GIS Parcel Boundary Measurements Map

Primary Boundary Faces Summary (NC State Plane WKID 102719 / 2264)

Cabarrus County GIS native State Plane cadastral records (`DataExplorerSearch/MapServer/2`, `PIN14: 56012167880000`) define the Lot 18 boundary polygon with 7 segments (8 vertices), forming a well-proportioned rectangle with **109.86 ft of northern road frontage** along `Colorado Drive NW`, a **168.11-ft eastern side line** (`7.43 ft + 160.69 ft`), a **109.29-ft southern rear line**, and a **169.87-ft western side line** (`87.54 ft + 73.70 ft + 8.63 ft`). Aggregating the polygon geometry into the four primary physical boundary faces yields:

Boundary Face	Vertex Span (NC State Plane Feet)	Total Length (Ft)	Compass Bearing	Adjoining Parcel & Context
1. North Road Frontage (`Colorado Dr NW`)	`v5 (1502638.64, 611883.41)` → `v6 (1502748.21, 611875.54)` *(1 straight segment)*	**109.86 ft**	**94.1° (E-SE)**	**Direct paved public street frontage** along `Colorado Dr NW` (`SEGID: 11844`, City of Concord public R/W).
2. East Side Lot Line	`v6 (1502748.21, 611875.54)` → `v1 (1502737.75, 611707.75)` *(2 segments: 7.43' + 160.69')*	**168.11 ft**	**183.6° (S-SW)**	Adjoins **Lot 17 (`5409 Colorado Dr NW`, `PIN14: 56012187270000`, 0.603 ac, $93,260 MV)**.
3. South Rear Boundary Line	`v1 (1502737.75, 611707.75)` → `v2 (1502628.62, 611713.83)` *(1 straight segment)*	**109.29 ft**	**273.2° (W-NW)**	Backs to **Lot 1 (`270 Wyoming Dr NW`, `PIN14: 56012166730000`, 0.430 ac single-family home, $129,390 MV)**.
4. West Side Lot Line	`v2 (1502628.62, 611713.83)` → `v5 (1502638.64, 611883.41)` *(3 segments: 87.54' + 73.70' + 8.63')*	**169.87 ft**	**3.3° (N-NE)**	Adjoins **Lots 9–10 (`309 & 319 Wyoming Dr NW`, `PIN14: 56012146890000` & `56012148820000`)**.
Total Perimeter / Area	**7 Segments (8 Vertices)**	**557.14 ft**	—	**18,512.15 Sq Ft (0.4109 Acres) · 109.86 Ft Paved Public Street Frontage**

- **County GIS Cadastral Precision:** The calculated boundary perimeter of **557.14 linear feet** matches the official Cabarrus County GIS record (`Shape.STLength() = 557.14 ft`) to within 0.01 ft, and the polygon area matches `Shape.STArea() = 18,512.15 sq ft` (`0.4109 acres`).
- **Roadway Classification & Driveway Permitting:** `Colorado Drive NW` (`SEGID: 11844`, address range `5381–5420`) is a paved, two-lane municipal residential street (`CityLeft/Right: CONCORD`) terminating in a quiet low-traffic intersection with `Wyoming Dr NW` just 25 feet west of the parcel's northwest corner. Residential driveway apron permitting (for 1 lot or 2 side-by-side split lots) is handled administratively by the **City of Concord Transportation / Engineering Department**.

15. School and Location Analysis

Assigned Public Schools (Cabarrus County Schools District — Verified via Firecrawl & Perplexity SPACE)

A. Successful Inventory in the Market — What IS Good to Build & Why It Sells Fast

1. **Workforce & Move-Up Detached Single-Family Infill (`1,485–2,250 Sq Ft` · 3–4 Bed / 2.5 Bath · `$290,000–$460,000` Exit @ `$195–$271/Sq Ft`) — #1 BEST PRODUCT TO BUILD:**

- *Why This Inventory Succeeds:* There is an acute shortage of detached single-family new construction priced under $460,000 near I-85 Exit 54 (`George W. Liles Pkwy`) and inside the **9/10 `Charles E. Boger Elementary`** attendance zone. Out of all 46 single-family comps in the 6-mile radius, only **12 homes** were built in the 1,300–2,000 sq ft infill tier (`214 Arizona Pl NW` at **$289,900 / $195/sq ft** inside Country Acres; `3301 Eva Dr NW` at **$425,000 / $271/sq ft**; `675 Fisher St` at **$360,000 / $232/sq ft**; `591 Central Dr NW` at **$355,000 / $211/sq ft**; `73 Lake Dr NW` at **$330,000 / $230/sq ft**), and they absorbed rapidly because buyers prefer a detached home with a private yard and **zero HOA fees** over a $335k–$425k HOA townhome.
- *How to Execute on `5419 Colorado Dr NW`:* Either build **two 1,650–1,850 sq ft 2-story detached homes** on the 2-lot split (`$375,000–$425,000` each) or **one 2,200 sq ft 2-story detached home** on the full 0.41-acre lot (**$449,000 @ $204/sq ft**).

2. **New-Construction 2-Unit Duplex (`2,400–2,610 Sq Ft Total` · Two 3BR/2BA Units · `$500,000–$525,000` Exit @ `$200/Sq Ft`) — STRONG INVESTOR / HOUSE-HACK NICHE:**
   - *Why This Inventory Succeeds:* Small multifamily new construction is virtually non-existent in Concord (only **1 verified new-build duplex** closed in the entire 6-mile radius: `104 Maple Ave NW` at **$522,000 / $200/sq ft** for 2,610 sq ft). With median rents at $1,550–$1,850/month per side, turnkey 2026 duplexes attract strong DSCR investor and FHA owner-occupant buyers.

B. Saturated & Unfeasible Inventory in the Market — What is NOT Good to Build in This Area & Why It Fails

1. **Attached Townhomes / Condos (`1,338–1,839 Sq Ft` · `$199,900–$375,000`) — HEAVILY SATURATED (DO NOT BUILD):**
   - *Why Townhomes Are Saturated & Unfeasible Here:* Attached townhomes and condos represent **59 of the 106 closed sales (55.7% of total market inventory)**, flooded by high-volume production builders in *Piper Landing* (`Yeager Dr NW`, `Earhart St NW`, `Kitfox Dr NW`, `Lock Haven Dr NW` — 49 closings at `$324,945–$375,000`) and *Towns at Cliffwood* (`Cliffwood St NW` — 6 closings at `$199,900–$253,000`). National builders control horizontal pod costs and offer aggressive mortgage rate buydowns that a small builder developing 2–3 townhomes on an infill lot cannot match, while CDO §7.7.4.I imposes costly alley/parking and fire-wall requirements.

2. **Large Luxury / Executive Single-Family Homes (`3,000–4,124 Sq Ft` · `$600,000–$856,500`) — UNFEASIBLE FOR THIS MICRO-LOCATION (DO NOT OVERBUILD):**
   - *Why 3,000+ Sq Ft Homes Fail in Country Acres:* While 34 of the 46 single-family comps sold for **$592,000 to $856,500** (`2,516–4,124 sq ft` in *Red Hill* on `Red Hill St NW` / `Cornelius Pl NW` and *Annsborough Park* on `Downshire Rd NW` / `Nutgrove Dr NW` / `Ashvale St NW`), those sales occurred inside gated/amenitized master-planned subdivisions with resort pools, clubhouses, and uniform $700k streetscapes. Country Acres is a non-HOA 1960s infill neighborhood where surrounding existing homes are assessed at **$93,000 to $238,000**. Building a 3,200+ sq ft `$650,000+` house on `Colorado Dr NW` will hit an immediate **neighborhood appraisal ceiling (~$465,000 max for a single home)** and suffer severe margin compression.

3. **Sub-1,000 Sq Ft Micro-Cottages (`<1,000 Sq Ft` · `$225,000` e.g. `155 Corban Ave SW`):**
   - *Why Micro-Builds Are Suboptimal:* Under-building a `<1,000 sq ft` cottage wastes the parcel's `18,512 sq ft` area and `9/10` elementary school zone, leaving `$150,000+` of gross revenue on the table compared to a 2,000–2,200 sq ft family floor plan.

---

18. Interest Rate & Financing Environment

- **Construction-to-Permanent (C2P) & Spec Builder Financing:** Local and regional community banks active in Cabarrus County (First Citizens, F&M Bank, Truist, Peoples Bank) provide 9–12 month spec construction lines at 70%–75% Loan-to-Cost (LTC) for both single-lot spec builds and 2-lot administrative minor subdivisions.
- **Workforce & Move-Up Buyer Liquidity:** Whether developed as one **2,200 sq ft single-family home ($449,000 exit)** or split into **two 1,650–1,850 sq ft homes ($370,000–$425,000 each)**, every finished home sits well below the $806,500 conforming mortgage limit—qualifying for standard conventional, FHA, and VA 30-year financing.

20. Development Cost Considerations

Estimated horizontal site preparation, utility tap/SDF connections, accessory pad/shed removal, and soft costs to prepare `5419 Colorado Dr NW` (Lot 18 Country Acres, 0.4109 Acres) for vertical residential construction (1-Lot Base Case, plus 2-Lot Minor Subdivision Split note):

Development Component	Estimated Cost (1 Infill Lot)	Cost Basis & Source Verification
City of Concord 3/4" Water Tap, Meter & SDF	$3,030	City of Concord FY24-25 Fee Schedule: $1,632.00 Single-Family SDF + $1,134.00 installation + $264.00 3/4" meter.
City of Concord 4" Wastewater Tap & SDF	$2,159	City of Concord FY24-25 Fee Schedule: $1,159.00 Single-Family Wastewater SDF + $1,000.00 4" service installation.
Existing Pad/Shed Demo, Clearing & Pad Grading	$6,500	Removal of legacy $9,620 outbuilding/pad debris, light tree clearing, and grading across gentle 8.0-ft (4.7%) relief.
Concrete Driveway Apron, Culvert & Turnaround	$5,500	Concrete driveway connecting Colorado Dr NW public right-of-way to front-entry 2-car garage.
Boundary Survey, ZCP & Concord Building Permits	$4,500	Boundary/topographic survey, City of Concord Zoning Clearance Permit (`ZCP`), and Cabarrus/Concord building permits.
Erosion Control, Silt Fencing & Rear Swale Drainage	$3,500	Silt fencing, construction entrance, and rear-yard swale directing sheet flow south toward rear boundary.
Total Horizontal Site Prep, Utility Taps & Soft Costs	**$25,189**	**All-in 1-lot horizontal budget** *(For a 2-Lot Minor Split, budget ~$42,878 total across both lots incl. $3,500 minor plat + 2nd City tap set).*

21. Highest and Best Use

- **Legally Permissible:** Under City of Concord `RV` (Residential Village) zoning (CDO Tables 7.6.2-A & 8.1.8), **Single-Family Detached Dwelling (`P`)** is permitted by right on either the parent **18,512.15 sq ft lot (1 unit)** or via an **administrative 2-lot minor subdivision split (`2 × 9,256 sq ft` lots, each `54.93 ft frontage × 168.99 ft depth`, within the `3.29-unit` density cap)**, and a **2-unit Duplex (`PS`)** is also permitted on the single parcel.
- **Physically Possible:** With **18,512.15 sq ft (`0.4109 acres`)**, **109.86 ft of road frontage**, **168.99 ft of average lot depth**, 100% FEMA Zone X, zero wetlands, and a 4.7% gentle north-to-south slope, the parcel easily supports either **one 2,200–2,800 sq ft home** (`13,419 sq ft` buildable envelope) or **two side-by-side 1,650–2,000 sq ft two-story homes** (`5,730 sq ft` buildable envelope per split lot).
- **Financially Feasible:** Trailing 12-month new-construction sales average **$219/sq ft** in 0–1 mi (**$322,475**), **$232/sq ft** in 0–3 mi (**$342,980**), and **$204/sq ft** in 0–6 mi (**$437,666**), supporting a **$449,000 gross exit** on a single 2,200 sq ft build or **$740,000–$850,000 combined gross exit (`2 × $370k–$425k`)** on a 2-lot split.
- **Maximally Productive:**

1. **Primary Value-Maximization Strategy (2-Lot Minor Subdivision Split):** Administratively subdivide Lot 18 into **two 9,256 sq ft (`54.93' × 168.99'`) `RV` building lots (`Lot 18A` & `Lot 18B`)** and build two 1,700–1,850 sq ft two-story homes exiting at **$375,000–$425,000 each ($750,000–$850,000 total)**—or sell the two entitled building lots to local infill builders at **$55,000–$65,000 per lot ($110,000–$130,000 total)**.
2. **Single-Lot Turnkey Strategy (1 Custom / Spec Residence):** Build one **2,200 sq ft two-story single-family home** on the full 0.41-acre lot for a **$449,000 gross exit** with zero subdivision platting timeline.

22. Land Valuation (Google Maps Driving Distance Impact: 0–1 Mi vs. 0–3 Mi vs. 0–6 Mi)

In strict accordance with the **Empty Driving Band Accuracy Rule**, where a permitted housing type has zero comps in a specific distance band, the cell prints **`0 Comps / N/A`** and never borrows a range from another band. Uses not permitted by right in the `RV` district print **`Not a permitted use`**. Because `5419 Colorado Dr NW` (`18,512.15 sq ft`, `109.86 ft frontage × 168.99 ft depth`) qualifies by right for either **1 Single-Family Lot** or a **2-Lot Minor Subdivision Split (`2 × [8%–15% of Average ARV]`)**, both rows are presented below:

Subject County Tax Assessment (2026)	**$38,000 Land / $47,620 Total**	**6.2% – 7.8%**	Country Acres split lots (`PB 108/67`, `PB 109/106`) assessed at $38,000–$47,500 *per split lot* ($76k–$95k for 2 lots)

- **Recommended Acquisition Basis ($50,000 – $85,000):** Notice how cleanly the local evidence converges: inside Country Acres, single split lots (`0.18–0.22 ac`) are assessed at **$38,000–$47,500 each**, and actual 0–3 mi infill single-family comps (`$357,450` Avg ARV) support **$28,596–$53,618 for 1 lot** and **$57,192–$107,235 for a 2-lot split (`2 × [8%–15%]`)**, while 0–6 mi single-lot land sales trade at a **$74,000–$107,000** median/upper band (`$107,000` median across `N=14`). Acquiring `5419 Colorado Dr NW` from the Treece Estate at **$50,000 – $65,000** (for a 1-lot build, **$60,000** pro-forma basis) or up to **$75,000 – $85,000** (when executing the 2-lot administrative split worth $110,000–$130,000 in retail lot value) offers an immediate premium over the estate's $47,620 tax assessment while locking in strong builder margins.

23. Builder/Developer Profitability Analysis

Residual pro-forma modeling the conservative **Single-Lot 2,200 Sq Ft Two-Story Residence** on `5419 Colorado Dr NW` at **$204.00/sq ft ARV ($449,000 gross exit)** across three development execution models *(followed by the 2-Lot Minor Split upside summary)*:

Pro-Forma Line Item	Spec Builder (Standard Spec)	Custom Presale (Contract Build)	Owner-Builder (Direct Build)	Underwriting Notes

Total Projected Project Cost	**$418,139**	**$385,559**	**$346,589**	All-in land, horizontal, vertical, soft, carry, and exit costs
Projected Net Developer Margin / Equity	**$30,861**	**$63,441**	**$102,411**	Net profit to builder / instant built-in equity to owner-builder
Return on Cost (ROC) / Margin %	**7.4%**	**16.5%**	**29.5%**	Solid single-lot return; **2-Lot Split boosts Spec Profit to ~$118,000 (17.2% ROC)**

- **2-Lot Minor Subdivision Split Value-Add Upside (`Lot 18A & Lot 18B`):** If the developer acquires the parcel for **$75,000**, spends **$3,500** on a minor subdivision plat, and builds **two 1,750 sq ft homes (3,500 sq ft total)** exiting at **$395,000 each ($790,000 gross exit @ $226/sq ft, matching the 0–3 mi $232/sq ft infill average)** against **$672,000 in all-in 2-unit project costs**, net spec builder profit expands to **~$118,000 (17.6% Return on Cost)**. Alternatively, flipping the two recorded `RV` building lots directly to builders at **$60,000 per lot ($120,000 gross)** yields **~$38,000 net profit in 60–90 days** with zero vertical construction risk.

24. Risk Assessment

Risk Category	Severity Rating	Finding & Mitigation Strategy
Estate Probate / Title Authority (`Treece Charles Estate`)	**LOW / MODERATE**	Tax roll lists `TREECE CHARLES ALAN` and `TREECE CHARLES ESTATE`. *Mitigation:* Confirm executor/administrator signing authority and heirs via Cabarrus County Clerk of Superior Court estate file during title examination so all required heirs join the deed.
Existing Pad / Outbuilding Removal (`$9,620 ObxfValue`)	**LOW**	Aerial imagery and tax records show a legacy mobile home pad / shed improvement (`$9,620 ObxfValue`). *Mitigation:* Budget $2,500–$3,500 inside the $6,500 clearing allowance to strip any legacy concrete/debris, and verify with Concord Water Resources whether an existing water/sewer tap connection exists on site (potential $5,189 fee savings).
Neighborhood Product Ceiling Calibration	**LOW / MODERATE**	While 0–6 mi single-family builds average $574,004, immediate Country Acres infill homes (`214 Arizona Pl NW` $289.9k, `3301 Eva Dr NW` $425k) trade between $290k and $455k. *Mitigation:* Do not overbuild a $700k+ executive home; either build two 1,650–1,850 sq ft homes ($375k–$425k each) on a 2-lot split or one 2,000–2,200 sq ft home ($449,000 exit).
Water / Sewer Lateral Stub Verification	**LOW**	Parcel is inside City of Concord municipal limits (`Published Taps: $5,189/lot`). *Mitigation:* Request a formal Water/Wastewater Availability Letter from Concord Customer Care (`704-920-5555`) during due diligence.
Flood & Environmental Risk	**ZERO RISK**	100% FEMA Zone X (0.0% SFHA across 36/36 grid samples), 0 mapped NWI wetlands, and 0 stream buffers on site.

25. Final Investment Recommendation

- **Overall Feasibility Score: 9.1 / 10 (Shovel-Ready By-Right 1- or 2-Lot Infill Parcel)**
- **Buildability Rating: 9.2 / 10 (High — 100% Conforming `RV` Dimensions for 1 or 2 Lots, Gentle 4.7% Grade, Zero Floodplain)**
- **Development Risk Rating: Low Overall Risk**
- **Actionable Verdict: STRONG BUY / ACQUIRE FOR 2-LOT MINOR SUBDIVISION SPLIT OR TURNKEY SPEC BUILD.** `5419 Colorado Dr NW` (Lot 18 Country Acres) is a rare **0.4109-acre (`18,512.15 sq ft`) rectangular parcel with 109.86 ft of paved road frontage** inside the City of Concord `RV` zoning district, located just 3 minutes from I-85 Exit 54 (`George W. Liles Pkwy`) and zoned to **9/10 `Charles E. Boger Elementary`**. Because it exceeds double the `RV` minimum lot area (`18,512 sq ft` vs `15,000 sq ft` for 2 lots) and double the `RV` minimum lot width (`109.86 ft` vs `100.0 ft` for 2 lots), it offers two profitable exit tracks: a high-margin **2-lot administrative minor split** or a turnkey **1-lot spec/custom home**.
- **Recommended Offer Strategy & Pre-Closing Checklist:**

1. **Target Offer Range:** Initiate an off-market offer to the Treece Estate at **$50,000 – $65,000** (with an upper ceiling of **$75,000 – $85,000** if underwriting the 2-lot minor subdivision split), representing a 5%–78% premium over the $47,620 county tax assessment while preserving a **$30,861–$63,441 single-lot profit (7.4%–16.5% ROC)** or **~$118,000 2-lot spec build profit**.
2. **Concord Minor Subdivision & Utility Check:** Submit a pre-application sketch of `Lot 18A & Lot 18B` (`2 × 9,256 sq ft`, `54.93' × 168.99'`) to City of Concord Planning & Development and verify existing vs. new water/sewer tap status with Concord Water Resources.
3. **Estate Title & Plat Review:** Confirm estate authority for `Charles Treece Estate` and review `Plat Book 14, Page 74` in the Cabarrus County Register of Deeds.
